

Figure 1 is a schematic diagram of a mechanical assembly, likely a medical device, showing various components and their interconnections. The diagram includes a base structure with multiple arms and joints, labeled with numbers 1 through 28. Key components include a motor or actuator (17), a control unit (21), and various sensors or actuators (P1 through P12). The assembly is shown in a side view, with dashed lines indicating internal or alternative configurations.
